

Empower Chem

Washroom Cleaner Cum Sanitizer (E1)

Empower Chem's E1 is a powerful yet gentle washroom solution designed to clean and sanitize in one easy step. This highly effective liquid, with a clear, light green appearance and a fresh citronella scent, leaves your washroom sparkling clean and hygienically safe.

Engineered with a balanced pH of 6-8, it is tough on germs but safe for a wide range of surfaces. The water-soluble formula ensures easy application and a streak-free finish, while its specific gravity and boiling point are optimized for stability and performance.
