ABOUT US

WELCOME TO OUR WORLD OF EMPOWER INDUSTRIES

Welcome to Empower Industries, India's leading manufacturer and supplier of high-performance MECHANIZED CLEANING EQUIPMENT AND SOLUTIONS. With a strong commitment to innovation, quality, and customer satisfaction, we provide state-of-the-art cleaning solutions designed to meet the demands of commercial, industrial, and residential spaces. a clean, spotless and well-maintained. We are proud to enjoy unparalleled trust and confidence of thousands of customers across segments like Manufacturing, Railways, Defence, Pharma, Automobile industries & many more.

WE OFFER WORLD-CLASS COMMERCIAL AND INDUSTRIAL CLEANING EQUIPMENT, INCLUDING

- Scrubbing machines: Single Disk machines, Walk Behind Scrubbers, Ride-on Scrubbers, Hand-held scrubbers
- Industrial vacuum cleaner: Single & Three-phase vacuum cleaners, ATEX vacuum cleaners, Oil Series
- Sweeping machines: Manual Sweepers, Walk behind Sweeper, Ride-on Sweepers
- Municipal sweepers: Truck operated sweeper, tractor operated sweeper, Garbage tippers, Anti smog machines
- Commercial vacuum cleaner: For Dry and Wet applications, along with specialized models for carpet and upholstery cleaning
- High Pressure washers: Cold Water High Pressures Washers, Hot & Cold High Pressure Washers, Engine operated High Pressure washers
- Our versatile range of industrial cleaning machines, built to be economical and durable, is easy to operate and helps achieve optimum cleaning with minimum effort.
- To make sure that the operation and the maintenance cost of the equipment remain low, we provide end-to-end services, including nationwide after sales service, equipment life cycle and technical support.

INDUSTRIAL WET & DRY VACUUM CLEANER

The Industrial Wet & Dry Vacuum Cleaner is engineered for powerful and versatile cleaning. Designed to tackle both liquid spills and dry debris, it delivers high suction performance with a durable build. Easy to maneuver and reliable in operation, it's the perfect solution for demanding commercial and industrial environments.

EB-50

E-60

EB-60

PEDAL TYPE SQUEEGEE

The widened, curved squeegee features a pedal-type design, providing flexible and convenient operation while freeing the operator's hands for greater control and comfort.

HEAVY-DUTY PERFORMANCE, MINIMAL DOWNTIME

The scrubber delivers maximum efficiency with a heavy-duty build, stainless steel components, and intuitive controls—ensuring reliable, low-maintenance, and productive cleaning.

LED HEADLIGHTS

High-brightness LED headlights provide excellent impact and vibration resistance, ensuring durability and improved visibility—enhancing operator safety during nighttime cleaning.

DISC BRUSH COVER

The integrated stamped disc brush cover delivers strong impact resistance, effectively protecting the motor while boosting durability and overall cleaning efficiency.

Minimum Turning Radius	580 MM

HIGH-PERFORMANCE CLEANING MACHINE FOR INDUSTRIAL & COMMERCIAL USE

Engineered for performance and reliability, this cleaning machine is equipped with durable steel-polyurethane wheels for superior grip, enhanced stability, and safe movement even on inclines. Its dual drain pipe system and high-seal PU tank ensure fast, efficient, and leak-proof drainage—making it an ideal choice for demanding industrial and commercial environments.

EMS-55B

**VERSATILE WALK-BEHIND SWEEPERS – MANUAL
& BATTERY OPTIONS FOR EFFORTLESS CLEANING**

Our walk-behind sweepers—available in manual and battery-powered models—deliver fast, efficient cleaning for both indoor and outdoor spaces. The manual version provides quiet, cordless operation, while the battery-powered model adds powerful suction and wide coverage. Both are equipped with dual side brushes and large hoppers, making them ideal for warehouses, driveways, and commercial facilities.

ES1600

ADVANCED BATTERY-POWERED SWEEPERS FOR EFFICIENT INDUSTRIAL CLEANING

Meet the E-S Series—E-S1100, E-S1500, and E-S1600—our high-performance battery-powered sweepers designed to tackle heavy-duty cleaning tasks with ease. With sweeping widths ranging from 1100 mm to 1500 mm and working efficiencies up to 10,500 m²/h, these machines offer unmatched productivity. Features include powerful brush motors, high-capacity water and dust tanks, long battery life, and ergonomic controls. Whether you're maintaining warehouses, factories, or large outdoor areas, the E-S Series delivers powerful, quiet, and eco-friendly cleaning—without compromise.

Rear Suspension	Load bearing spring steel plate shock absorption system
Dimensions	4700×1440×2160 mm

MUNICIPAL EV TRUCK SWEEPER – CLEAN STREETS, GREENER CITIES

The Municipal EV Truck Sweeper is a fully electric, eco-friendly solution for modern urban cleaning. Designed to efficiently remove dust, debris, leaves, and litter, it keeps streets, parking lots, and construction sites clean while improving road safety and preventing drain blockages. With zero emissions and low noise, it's perfectly suited for sustainable city operations and residential areas. Combining powerful cleaning performance with environmental responsibility, this sweeper is the ideal choice for municipalities committed to building clean, green infrastructure.

E SUPER-600

E-SUPER SWEEPER - MODEL E SUPER-600 | HIGH-PERFORMANCE INDUSTRIAL FLOOR SWEEPER

The E Super Sweeper E Super-600 is a powerful, ride-on industrial floor sweeper engineered for maximum cleaning efficiency and operator comfort. Built with a rugged frame and advanced sweeping technology, it delivers exceptional performance in warehouses, factories, parking areas, and large commercial spaces.

Featuring a wide sweeping path, high-capacity hopper, and reliable Kubota diesel engine, the E Super-600 ensures fast, effective cleaning with minimal downtime. Its durable construction, ergonomic operator seat, and intuitive controls make it the ultimate solution for heavy-duty industrial cleaning tasks.

Specifications

NAME	E SUPER-600
Length with side broom	2640 mm
Width with one side broom	1580 mm
Height (up to canopy)	2320 mm
Height (up to A/C canopy)	2555 mm
Dead weight	1865 kg
Sweeping width (one side broom)	1650 mm
Theoretical sweeping performance (one side broom)	17,325 m ² /hr
Sweeping width (two side brooms)	2000 mm
Theoretical sweeping performance (two side brooms)	21,000 m ² /hr
Gradability	20%
Filter surface	12 m ²
Main broom length / diameter	1220 mm / 360 mm
Side broom diameter	660 mm
Hopper volume	640 liters
Dump height	1400 mm
Engine type	Water-cooled, diesel (battery optional)
Cubic capacity	1498 cc
Rated power	26.5 KW

ETMS6000

EVS6000

DIESEL & ELECTRIC SWEEPER TRUCKS | DUAL POWER FOR URBAN CLEANLINESS

From fuel efficiency to eco-impact, the future of street sweeping is shifting. While diesel trucks have long powered city cleaning, electric sweepers are leading the green charge—quieter, cleaner, and more cost-effective in the long run.

Explore the key differences and discover which machine suits your needs in a world moving towards sustainability.

Specifications

NAME	ETMS6000	EVS6000
Power Source	100 BHP Diesel Engine	72V 11KW Motor, 61 KWh Battery
Energy Type	Diesel	Electric (220V AC)
Sweeping Width	Up to 2850 mm	2000 mm
Capacity/hr	Up to 30,000 Sq.MT	Moderate
Hopper Volume	6 CU MT	5 CU MT
Water Tank	1100 L	1100 L
Sweeping Speed	1 – 10 Km/h	3 – 12 Km/h
Driving Speed	Max 60 Km/h	Max 45 Km/h
Range	Long (refuel anytime)	100–120 Km, ~200 Km idle
Chassis	Mild Steel, Truck Mounted	Heavy-duty, Anti-rust Coating
Brush System	1 Roller + 2 Rotary (Hydraulic)	2 Side Brushes (750 mm, 400W motors)
Vacuum Fan	High-efficiency, V-belt	5.5 KW, 50 mm suction
Hydraulics	60L Tank, Engine Powered	Likely Electric
Noise	Low (insulated)	Very Low
Maintenance	High	Low
Run Time	Continuous with fuel	10 – 12 hrs
Cab Features	Basic	AC, Touchscreen, Leather Seats, Camera
Eco-Friendly	CO ₂ , NO _x Emissions	Zero Emissions
Refuel/Charge Time	Fast Diesel Fill	5 – 6 hrs

ES-510

ESCALATOR & TRAVELATOR CLEANER - PRECISION CLEANING FOR MOVING WALKWAYS

Keep escalators and travelators spotless, safe, and running smoothly with our specialized escalator cleaner. Designed for high-traffic environments, it uses powerful brushes and targeted suction to remove deep-seated dirt, grease, and debris from steps and grooves—without dismantling the system.

Compact, easy to operate, and built for commercial durability, this machine is ideal for malls, airports, metro stations, and commercial complexes. Clean efficiently, minimize downtime, and extend equipment life with professional-grade results.

Specifications

NAME	ES-510
SCRUBBING WIDTH	32/35 L
SCRUBBING WIDTH	510 MM
CLEANING EFFICIENCY	1000 M/H
VOLTAGE	220 V
BRUSH/SUCTION MOTOR POWER	510 W
BRUSH PRESSURE	30 KG
CABLE LENGTH	15M
WEIGHT	130KG
SIZE	1220 x 620 x 980 MM

HEAVY-DUTY INDUSTRIAL CARPET CLEANER MACHINE

The Industrial Carpet Cleaner is built for deep cleaning large carpeted areas with power and precision. Equipped with a robust motor, dual rotating brushes, and a high-capacity solution tank, it effectively removes dirt, stains, and debris to restore carpets to a fresh, spotless finish.

Designed with an ergonomic handle, durable wheels, and easy-access controls, it ensures smooth, user-friendly operation. Its compact build allows for convenient storage and transport, making it the ideal choice for hotels, offices, event venues, and other commercial spaces.

Specifications

NAME	E-C30
Machine	3-in-1 carpet extractionwashing machine
Working Width	38 cm
Safety Factor	II
Voltage	220V / 50Hz
Suction Motor	1200W three air leaves
Fresh Water Tank Capacity	38 L
Sewage Tank Capacity	30 L
Cable Length	15 meters
Noise Level	≤ 70 DBA
Brush Rotation Speed	900 rpm
Weight	44 kg
Machine Size	900 mm x 460 mm x 860 mm

ET-35E

POWER STEAMER PRO – DEEP CLEAN WITH PURE STEAM

Unleash the cleaning power of high-temperature steam with the Power Steamer Pro—the ultimate solution for deep, chemical-free cleaning. Perfect for tackling grease, grime, and bacteria on floors, tiles, kitchen equipment, upholstery, and more.

Built for industrial and commercial use, it delivers continuous steam pressure to sanitize surfaces quickly and effectively. Eco-friendly, powerful, and simple to operate, the Power Steamer Pro is your trusted machine for next-level hygiene and sanitization.

Specifications

NAME	ET-35E
Steam Pressure	4 Bar
Rated Voltage	230V
Output Steam Temp.	100°C
Rated Power	1500W
Continuous Operation	45 Min
Output Steam Speed	35 g/min
Tank Capacity	52 oz / 1500 ML
Prep. Time	About 8 min
Unit Weight	4.6 KG / 10.1 LB
Unit Dimension	40 x 28.2 x 33.5 CM
Cord Length	15.4 Ft / 4.7 M

E-HC150**DUALJET PRO – HOT & COLD PRESSURE WASHER**

Tackle the toughest cleaning challenges with the DualJet Pro, a powerful pressure washer offering both hot and cold water modes. From grease and oil stains to grime and sanitization, this machine adapts seamlessly to your cleaning needs.

Equipped with a high-performance pump, precise temperature control, and industrial-grade nozzles, it delivers unmatched versatility and efficiency. Built for automotive, industrial, and commercial applications, the DualJet Pro ensures you clean smarter, faster, and deeper—every time.

Specifications

NAME	E-HC150
Voltage Max	400V / 50Hz
Pressure	150 bar / 2175 psi
Flow Rate	15 L/min, 4 GPM
Power	5.5 KW
Speed	1450 RPM
Heating Method	Diesel Heating
Hot Water Temperature	95°C
Steam Temperature	140°C (with optional nozzle)
Fuel Tank Capacity	18 L
Gross Weight	140 KG
Package Size	120 × 74 × 101 cm

EVAC-50

EVAC-100

TITANVAC PRO - HEAVY-DUTY INDUSTRIAL VACUUM CLEANER

The TitanVac Pro is engineered for peak performance in the toughest environments—from factories and workshops to warehouses and construction sites. Powered by a high-performance motor and equipped with a large-capacity stainless steel tank, it effortlessly handles fine dust, metal shavings, liquids, and heavy debris.

With multi-stage filtration, durable caster wheels, and an ergonomic design for mobility, the TitanVac Pro is the ultimate all-in-one solution for industrial cleaning demands.

Specifications

E-LP240

DEEP-CLEANING POWER FOR LARGE SURFACES

Tackle stubborn grime, oil, mold, and dirt with this high-efficiency Pressure Washer Surface Cleaner, built to clean large flat areas faster and more evenly than standard nozzles. Featuring dual high-speed rotating nozzles, it delivers powerful, streak-free results on driveways, patios, sidewalks, parking lots, and factory floors.

Constructed with durable stainless steel or heavy-duty ABS housing, it's made for long-lasting performance in commercial and industrial environments. With splash-free skirts and quick-connect fittings, it ensures cleaner operation and easy setup. Compatible with most commercial-grade pressure washers, this surface cleaner is a must-have for professionals seeking speed, efficiency, and flawless results.

Adjustable Angle

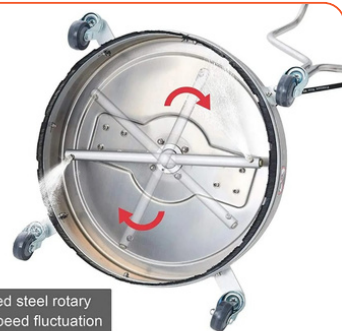

The handle adjusts via reinforced joints to enable you to clean hard-to-reach corners without trouble

NAME

E-LP240

Model	SCH30
Flow Rate	15 L/Min
Max Working Pressure	275 Bar / 4000 PSI
Max Temperature	90°C / 212°F
Material	Stainless Steel
Gross Weight (G.W)	17 KG
Carton Size	90 x 77 x 26.5 cm

The integrated steel rotary rod avoids speed fluctuation

Professional Quality Cleaning

Dual high-pressure jets spin when they're under high pressure, removing dirt and grime from surfaces with ease while preventing streaks or defacement of delicate surfaces.

Cleanliness is not just about appearance — it's about health, safety, and lasting impressions. This catalog presents a comprehensive selection of janitorial tools and equipment tailored to meet the demands of professional cleaning across industries. From small offices to large-scale industrial facilities, the tools listed here are chosen for their durability, ergonomic design, and practical functionality.

Whether you're managing a hotel, hospital, mall, school, or commercial building, having the right tools ensures cleaning tasks are performed efficiently and consistently. Our range includes manual cleaning essentials such as microfiber cloths, mops, brooms, dustpans, and litter pickers — as well as larger equipment supports like janitorial carts, warning signs, and spray bottles.
